# PARKER'S DYE WORKS

LONDON      TORONTO      HAMILTON

## THE AWARD OF MERIT IN DYEING AND CLEANING

has come to these works as the outcome of more than 26 years careful and skillful work.

When work is done here it is always done well.

Ladies' costumes and evening dresses are cleaned by modern methods.

Cleaning fine laces, such as Duchesse, Old Point, Guipure and Brussels, is one of our perfected specialties.

By cleaning and dyeing lace curtains, drapes and furniture coverings we save the house-keeper much trouble and worry.

The proper and hygienic way to clean blankets is known to us.

Equal care is given to men's clothing. We keep men well-dressed the year round—returning their coats and suits looking as if new from the tailor.

Wagon will call for and deliver parcels.

## A FAMOUS FUR STORE

**A**BSOLUTE sincerity in the manufacturing and selling of furs is not philanthropy on our part—it is simply a sound business principle. It is a strict adherence to such methods that has built up our business to its

present magnitude, and it is by continuing along these lines that we hope to increase it still further. Because we are personally in closest possible touch with the best fashion centres of the world—and therefore not dependent upon any intervening agency—our styles are both exclusive and practical. Our factory is one of the most modern and best equipped in Canada. We make a specialty of fine Seal and Persian Lamb Jackets—plain and trimmed—to order, and of Fur and Fur-lined Coats, Cloaks and Wraps of every conceivable style for the street, the carriage or evening wear.

If you cannot come yourself, write for a copy of our catalogue. It is free for the asking.

## Gerhard Heintzman Satisfaction

The possessor of a Gerhard Heintzman Piano secures something more than its beauty of tone, excellence of design and durability of construction. Far above all these evidences of mechanical perfection there is that intangible something that our musicians have well named, "Gerhard Heintzman satisfaction," the consciousness of owning the best.

We cordially invite an examination of our stock of these superb instruments.

# The Soul of a Gown

A gown is a work of art or not, just as the modiste is an artist or not. If the dressmaker lacks inspiration, though she possess experience and skill, her work nevertheless falls short of that distinction which stamps a gown artistic.

Our modistes are enthusiasts in their profession. Moreover, they are in constant touch with the fashion center of this continent—New York. Toronto women may, therefore, confidently expect to receive here the benefit of such ideas as come only with experience in the Metropolis.

And now, perhaps, another point: While recognizing that mere economy is secondary in importance to those subtle qualities of style, fit, grace of line, distinction and effect, still we know that, other things being equal, no woman wants to pay more for a gown than she need.

And "*other things are equal.*" They are superior, while our prices are a mere fraction of what you would pay for the same gown in New York.

We cordially invite you to consult us.

## PREFACE.

THE third issue of the SOCIETY BLUE BOOK OF TORONTO, HAMILTON AND LONDON possesses some features which we trust will entitle it to retain the high place in public favor that has been accorded its predecessors. We desire especially to thank our lady patrons for their cordial appreciation of our efforts.

Neither time nor money has been spared to make this work as complete and valuable as possible. The difficulty attending the compiling of such a book can be easily appreciated; and we therefore trust that any omissions will be brought to our notice, that they may be corrected in future. We hope to make the SOCIETY BLUE BOOK as nearly perfect as it is possible to make such a volume.

We do not claim the BLUE BOOK is either a City Directory or absolutely an Elite Directory; neither do we pretend to pass upon the social or financial standing of the parties whose names are contained therein. It is simply a compilation of about two thousand names of the most prominent householders of Toronto, Hamilton and London, published in the most convenient form for reference by our lady patrons.

The title, "BLUE BOOK," is given the work because of its blue cover. It does not refer to blue blood, as many people suppose. Webster's definition of Blue Book is as follows: "Blue Book—a book containing a list of fashionable addresses."

The data for this work have not been compiled from circulars or from other directories. Experienced men, particularly adapted for such work, have been assigned to each locality, and the greatest care has been used in selecting these names.

Please send any information you may have that will aid in keeping the records correct to Wm. Tyrrell & Co., 8 King Street West, Toronto, Ont.

## Spectacles and Eye-Glasses

---

We are now making up, day by day, singularly beautiful glasses in spectacles and pince-nez—high grade in quality—accurate in lenses—exquisite in design—comfortable in fit—and in models, as far as possible, appropriate to the faces of the prospective wearers.

And for prescription glasses, we do not, as in the past, send to New York and other cities for special lenses, involving tedious delays; the surface grinding machinery now installed in our shop produces these day by day on short notice, with much satisfaction to ourselves and customers.

We respectfully solicit your prescription and other orders, our workers' technical knowledge and admirable facilities generally being at your service.

# SIR ALEXANDER MACKENZIE

## The High Musical Status of THE MASON & RISCH PIANOS

is attested by the following appreciative letter from **SIR ALEXANDER MACKENZIE**, the eminent composer, Principal of the Royal Academy of Music, London, England, and Conductor of **The Great Canadian Musical Festival**.

THE MASON & RISCH PIANO CO., Limited,  
Toronto, Canada.

GENTLEMEN: I wish to express my highest appreciation of your Mason & Risch Pianos. Their tone is in every respect admirable from the sonorous bass to the highest treble. I was struck by the amount of tone color which can be produced even by players of my calibre, who can not claim to be considered pianists in the real sense of the term, but I am willing to add my testimony to those of better men.

Rich in tone, quick responding touch, firm mechanism are the requisites of a fine pianoforte—you have secured all these.

Allow me to congratulate you and the Dominion of Canada on the production of such fine pianofortes.

Very faithfully yours,

A. C. MACKENZIE.

The Structural Features of THE MASON & RISCH PIANOS are entirely original in conception and Secure the Cordial Appreciation of all Musical Connoisseurs
